

A promise to the planet and its inhabitants : let's talk about climate and the environment Frans Timmermans et Eric Piolle

Friday 2nd April, from 12.30 to 2pm

Registration is required for this round table and there will be simultaneous translation into English - Duration : 1.5 hours

The environment and climate are topical issues, especially for young people. The Biennial Celebration of Cities in Transition will include a citizen's dialogue, set up by young people from Grenoble and its environs. The dialogue will be an opportunity to question and challenge M. Frans Timmermans, Executive Vice-President of the European Commission and M. Eric Piolle, Mayor of Grenoble, the next European Green Capital in 2022. The goal is to connect the European and local levels on possible pathways for action

In partnership with Auvergne-Rhône-Alpes Region Europe Direct.

Registration at europedirectgrenoble@grenoble.fr

Friday 2nd April, 12.30-2pm – Open to everyone
